Provides design services for student groups and small businesses. The key aspect of ZD is web design and administration. Also provide print and motion design services.

A very multifaceted position working with web, print, video, flash, and photo, all to further the reach of the Dragon NaturallySpeaking brand. HTML Emails, demo webinars, and posters were part of the responsibilities.

Used personal interaction in a guerilla format to introduce or engage a target with product samples. Clients: Microsoft Zune, Boloco Burritos, Olivia's Organic Salads, 80108 Media.

Performed as a central member of a multimedia lab, teaching the Adobe, Final Cut, and iLife, suites. Key responsibilities also included web maintenance, print creation, and multi-department collaboration.

Performed as an integral part of a large team providing high quality services to high priority clients. Consistently working with the clients, guests, and coworkers, to provide timely, enjoyable experiences.

Portfolio and references available upon request.
